SUMMARY

I'm an experienced Android developer. I've been working in the field for +2 years, and I specialize in creating high-quality android applications that are both user-friendly and efficient. I'm always eager to learn and stay up-to-date with the latest trends and advancements in the Android development space. I'm a strong team player and value communication and collaboration to deliver the best possible product.

WORK EXPERIENCE

Nat Solutions:

Sep 2021 - Present

- Translate designs and wireframes.
